

Simplify KYC Compliance and Deter Fraud without Sacrificing the Customer Experience

Discover the AI-Powered Digital Identity Verification and eKYC Solution for the Philippines

NSPH Inc. partners with Jumio to offer the end-to-end identity verification, fraud detection and eKYC services trusted by leading financial services organizations in the Philippines.

Jumio Supports eKYC Compliance

Establish trusted digital identity

Jumio Identity Verification leverages AI, machine learning, face-based biometrics and certified liveness detection to quickly and accurately verify the digital identity of remote users.

Achieve low FAR and FRR

Jumio delivers industry-leading FAR and FRR rates through our state-of-the-art technology, global experience and UX best practices which have earned Jumio a reputation as the best and most accurate solution in the market.

Achieve transparency and accountability

Jumio allows institutions to access our eKYC processes and provides audit results and real-time reports of verification transactions for regulatory review.

How Jumio Can Help with Your Digital Journey

Intuitive real-time online identity verification ensures a fast, easy and secure customer onboarding experience.

Global coverage of more than 3,500 types of ID documents across over 200 countries and territories supports cross-border expansion.

Easy integration with legacy onboarding systems enables faster go-to-market and lower deployment costs.
